REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: none of the prior art of record alone or in combination teaches a valve device comprising the structures as claimed with special attention to the valve seat plate having a first plate member that forms an area around an outlet opening as claimed and a second plate member that is different from the first plate member and is attached to the first plate member and forming other areas of the valve seat plate. This arrangement allows pipes to be installed without causing warping on the area of the surface on which a valve element, as claimed, rotates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The following changes to the drawings have been approved by the examiner and must be changed by applicant: Fig. (6A) and Fig. (6B) must include the label "(PRIOR ART)" for they have been indicated to be conventional in the art by the applicant. In order to avoid abandonment of the application, applicant must make these above drawing changes.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references cited on form PTO-892 disclose other valve device but lack the structure as indicated above.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tuan N. Nguyen whose telephone number is 571-272-4892. The examiner can normally be reached on Monday-Friday (10:00-6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory L. Huson can be reached on 571-272-4887. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
